Summer Triple Threat Giveaway

We know that humidity can make makeup smear, hair frizz and keep you looking like less than your usual put together self. That's why, we're offering three lucky winners these summer must-have products from Clearly Beautiful, **LashFood** and Le Baby.

LashFood's Drama Mascara helps you achieve thick, full lashes for the summer. LashFood Drama Mascara features the company's exclusive Nano-Peptide Technology to encourage eyelash growth and thickening. The mascara provides volume and length to lashes for a dramatic finish while simultaneously transforming frail and brittle lashes into healthy and strong lashes with every stroke. Price: \$27.00
